

**Important Information please read carefully!**

**How to send samples for analysis to Proteomics International in Australia from other countries.**

1. Print the Australian Quarantine form "aqispermit\_pi.PDF" (three pages) and attach this document to the **outside** of your samples package in a plastic bag.
2. Cut the following declaration and paste into a document on **your institutional/company letterhead**, sign the declaration and attach this document to the **outside** of samples package in the same plastic bag:

**Attention: Australian Quarantine Inspection Service**

Declaration

I, \_\_\_\_\_ (name), of \_\_\_\_\_ (Company/Institution) declare that the contents of this package originating from \_\_\_\_\_ (country) contains only proteins or peptides from \_\_\_\_\_ (organism [common name] /synthetic) for in vitro laboratory studies only and complies with the attached AQIS permit number **IP10002873** (condition numbers PC0992, PC0701, PC6062).

Signed ----- Dated -----

It is important that these **two** documents must be attached to the **OUTSIDE OF THE PACKAGE** and clearly marked "**Attention Quarantine**" and be **CLEARLY** visible. If this is not done, your samples will automatically be retained for inspection and a fee charged.

On occasions we are charged inspection fees on imported samples. If this fee is incurred, it will be passed on to the client.
