

New AB Sciex
TOF/TOF 5800
Mass Spectrometer

Announcing Scientific instrumentation upgrade - TOF/TOF Mass Spectrometer

Proteomics
International

The ideal platform for biomarker discovery,
proteome mapping and protein identification

- ▶ Greater performance and sensitivity
- ▶ Higher confidence of results and reproducibility
- ▶ More comprehensive, in-depth identification and relative quantitation of proteins in complex samples

Promotional price offer for using our

Valid until
December 31 2010

ISO 17025
accredited

ACCREDITED CONTRACT RESEARCH SERVICES

Service	Price (\$USD)
Protein Identification by Mass Spectrometry*	
MALDI-TOF/TOF Introductory offer - per sample (minimum 5 samples)	\$50.00
MALDI-TOF/TOF Standard price - per sample (no minimum)	\$70.00
LC/MS Introductory offer - per sample	\$135.00
LC/MS Standard price - per sample	\$205.00
Proteome Mapping**	
1 D LC-MALDI simple protein sample run through an extended LC gradient and the eluent spotted for MALDI-TOF/TOF analysis	
1st sample	\$2,000.00
2nd sample	\$1,000.00
2 D LC-MALDI Complex protein sample run through a sophisticated 2D LC gradient and the eluent spotted for MALDI-TOF/TOF analysis	
1st sample (complex)	\$4,000.00
2nd sample (complex)	\$3,000.00
Differential expression iTRAQ analysis**	
Sample labeling and analysis by 2D LC-MALDI mass spectrometry with automatic database analysis	
1st experiment (up to 4 samples)	\$6,000.00
2nd experiment (replicate; up to 4 samples)	\$4,000.00

* Introductory offer is valid for new clients only
