

PROTEIN BIOLOGICS/BIOSIMILAR SERVICES

"Over Two Decades of Protein Expertise"
Choose Us & Expedite Your Drug Development

ISO 17025 Quality Accreditation

State-of-the-Art Facilities

Advanced Platforms and Instrumentation

Method Development Expertise

Experience with Wide Range of Molecules

Validated Methods & Protocols

Professional Sample Handling

Proficient Report Writing

Blue-Chip Clientele with Regulatory Success

SERVICES

*Peptide Mapping
Disulfide Mapping
N-terminal Sequencing by MS
C-terminal Sequencing by MS
Intact Mass Analysis
Aggregation Analysis
Fluorescence Spectra
Circular Dichroism (CD)
& Others*

SPECIAL SERVICES:

*Disulfide Bridge Analysis
Iso-Aspartate Quantification
C-terminal Lysine Truncated Peptide &
N-terminal Pyroglutamination Analysis*
