PATIENT INFORMATION SHEET: PROMARKER®Eso

Proteomics International is a medical technology company operating at the forefront of precision diagnostics. myTEST, as seen below, is powered by Proteomics International.

1. PAYMENT

Payment is required by Proteomics International prior to the release of test results.

The test has a RRP of **$940.00** and is not covered by Medicare.

Please select one of the three payment options below.

Option 1 - Invoice via SMS: you will receive an invoice via SMS to the mobile phone number provided on the test request form after your blood sample has been received.

NOTE: if you have a discount code, select Option 2 or 3.

Option 2 - Pay via QR code: scan the QR code on the right to access the Stripe payment gateway.

Option 3 - Pay via the link: use the link to access the Stripe payment gateway: proteomics.com.au/payment

For payment enquiries, please contact feedback@proteomics.com.au

2. VISIT A PARTICIPATING BLOOD COLLECTION CENTRE

The test is only available at participating collection centres.

Scan the QR code or click the link to find your nearest authorised centre: care.mytest-oesophageal.roserx.health/find-locations

No appointment or fasting is required.

3. ADDITIONAL TEST INFORMATION

Scan the QR code or click the link to learn more about the test: grs.ly/1bgpzbn

Patient Signature for Informed Consent and Financial Responsibility

I accept full financial responsibility for any payment obligation associated with my test and consent to the selected test being performed.

Patient's Signature **X** ..... Date ..... / ..... /..... DD/MM/YYYY

DISCLAIMER: Proteomics International provides test reports based on the information provided on this test request form. Inaccurate, incomplete, or outdated clinical data may affect the test results leading to incorrect clinical interpretation and assessment. Proteomics International is committed to safeguarding your personal and sensitive health information. The data collected on this pathology request form including relevant health details is required to deliver, manage, and support pathology testing services. Your information may be recorded and stored electronically in a secure system. By submitting this form, you consent to the collection, use, disclosure, and secure retention of your personal information in accordance with the Privacy Act 1988 (Cth). Healthcare providers are responsible for ensuring that all relevant patient history, clinical findings, and current health conditions are accurately reported when submitting a test request. The tests (described in this form) facilitated by Proteomics International do not replace currently recommended methods of disease detection or screening. The tests are not intended to diagnose, treat, or cure disease or condition, and gives no warranty that any clinical lab test will prevent disease or condition. The interpretation of this test and clinical management of the relevant patient's condition is the responsibility of the treating health/medical practitioner. Proteomics International does not engage in rendering medical advice or any other medical services.
