Commentary on the results for the financial year ended 30 June 2019

Brief explanation of any of the figures reported above necessary to enable the figures to be understood:

Medical technology company Proteomics International Laboratories Ltd (ASX:PIQ; Proteomics International or the Company) presents this financial report for the year ended 30th June 2019, with the following explanation of the results:

- Operating revenue from customer services continued its upward trend reaching \$1,468,076, a 25% increase compared to the previous year.
- Combined income from all sources rose 27% to \$2.74 million. Revenue from ordinary activities encapsulates income from analytical services, licensing fees, and grant income including the R&D Tax Incentive.
- Operational expenditure focused on the commercialisation of PromarkerD totalled \$4.82 million, an increase of 34% taking advantage of the Company's strong cash position which includes a net cash inflow from investing activities of \$890,408.
- The loss from ordinary activities is \$2.08 million, which reflects normal operational costs and non-cash items of \$472,311 (comprising the share based payment expense and accounting loss on the investment sale), and represents a year on year increase of 44%.
- The net cash outflow from operating activities was \$1.67 million, an increase of 54%.
- At 30 June 2019 the Company had cash reserves of \$1.51 million, and trade and other receivables of \$0.68 million. On the back of the Company's research and development focus it anticipates an R&D Tax Incentive cash rebate of \$1.14 million, to be received in the December quarter 2019.
