

Industrial Graduate Scholarship

In memory of Dr John Dunlop

ABOUT THE SCHOLARSHIP

Biotechnology & Life Science

Proteomics International is offering an exclusive scholarship to an outstanding graduate student who wishes to undertake an industrial placement in Western Australia.

Scholarship benefits:

- **One year position:** Research scientist role at Proteomics International, in laboratories located at the QEII Medical Centre, Perth, Western Australia.
- **Mentorship:** Access to industry mentors from Proteomics International, providing biotech specific research and development experience.
- **Networking Opportunities:** Invitations to industry events and conferences.

Scholarship includes:

1. **Full-time salary:** Graduate pay scales.
2. **Accommodation:** Accommodation support for one year.
3. **Return flights:** Two reimbursed economy fares during the scholarship.

Potential for:

- **Future PhD enrolment:** At end of Industrial Scholarship, opportunity to seek enrolment in a PhD embedded within Proteomics International and working with an academic collaborator of the company; or
- **Ongoing employment:** Continue working for Proteomics International.

The scholarship is available annually

Proteomics International (ASX.PIQ) is a pioneering medical technology company at the forefront of precision diagnostics and bioanalytical services. The Company specialises in the area of proteomics – the industrial scale study of the structure and function of proteins. It received the world's first ISO 17025 laboratory accreditation for proteomics services, and operates from state-of-the-art facilities located in the Harry Perkins Institute of Medical Research in Perth.

The Company's operations centre on the commercialisation of its world-leading tests for diabetic kidney disease (PromarkerD), endometriosis (PromarkerEndo) and esophageal cancer (PromarkerEso), whilst using its proprietary technology platform to develop new diagnostic tests, and provide specialised analytical and pharmacokinetic services.

ELIGIBILITY REQUIREMENTS

- **Bachelor of Science or Biomedical Science – focus on Biochemistry or Biotechnology preferred, but not essential.**
- Individuals who have embarked on post-graduate studies are not eligible.

SELECTION CRITERIA

- A passion for applied science.
- **New graduate** of an Eastern states university.
- Exemplary academic record, including top class degree and high ATAR.
- Possess excellent writing and communication skills and the ability to work with a diverse range of people and within established collaborative teams.

APPLICATION PROCESS

1. **Academic Transcripts:** Provide copies of your latest academic transcripts.
2. **Personal Statement:** Submit a personal statement (500 words) detailing your interest in biotechnology, career aspirations, and how this scholarship will benefit your career development. Include skills that you would like to develop or learn and how Proteomics International can assist with this.
3. **Resume/CV:** Attach a current resume or CV highlighting your academic and extracurricular achievements.
4. Send to scholarship@proteomics.com.au by **17th January 2025**.

SELECTION PROCESS

1. **Initial screening:** Applications will be reviewed for eligibility and completeness.
2. **Interview:** Shortlisted candidates will be invited for an interview with the selection committee.
3. **Final Selection:** The recipient will be chosen based on academic merit, interest in the applications of life science research, and performance during the interview process.

Dr John Dunlop (1942-2023) was the inaugural Chair of Proteomics International after its founding and served as a director throughout the company's formative years, only retiring from the board in 2018. John was an entrepreneur and businessman across sectors from biotechnology to mining and renewable energy. John established Western Biotechnology, a beta-carotene plant, in 1982 which still runs to this day. The aim of this scholarship is to capture the spirit of John's determination and enthusiasm for embracing life's opportunities.
